MESSAGE FROM PRINCIPAL DESK

Dear all I take immense pleasure in presenting before you "BRIGHTONITE" 2024-25, Volume IV . I am very fortunate to work with such dedicated, innovative and caring staff members, parents and students. I find each day an adventure filled with new experiences, learning for all, and a chance to constantly widen our horizons. It always gives me a great pleasure to see the sea of smiling faces of children and I must admit that on many days it is the students who make my day a little brighter. the growth of each individual student is our focus. We recognize that as we 'work together and learn together' students will be best able to achieve their potential.

Our curriculum and practices are consistently reviewed to ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. Our staff consistently follows current trends and after brainstorming over the best plan of action to incorporate those trends, we zero in on the ones that are most appropriate to our classrooms. The system of education has become so dynamic that it is no longer enough to connect the dots, we need to think out of the box and think beyond a pattern.
