# MESSAGE FROM HON. CHAIRMAN

## Role of Para Teacher

**Para Teacher is really a new Idea that emerged after NEP 1986 It is effective to fill up the education gap of a learner.**

**The teachers duties assigned to the para teachers are nearly similar to the helper to the regular teachers and to the students.**

**If we can go in past we can reference of Para teller.**

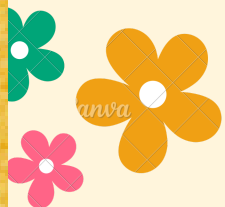

**The Gurus,Rishis, Munis of Saint user the 'Regular' teachers being experts in their particular knowledge field in order to help the 'Guru' the senior disciplines being experienced than the new comer to the Ashram took charge of the preliminary Knowledge activities acquisition by these newly discipline.**

**The senior disciplines usually guide the new disciplines in-----**

**Daily Chores Distribution -**

**Skill specified activity experienced practical skill development.**

**The system we can say, that of the Para- teachers some how existed in our tradition in different outlook of senior or favourite but eligible disciplines of the Gurus who were allowed after their experience.test to teach the new knowledge seekers in the Ashrams.**

# MESSAGE FROM PRINCIPAL DESK

Dear all I take immense pleasure in presenting before you "BRIGHTONITE" 2024-25, Volume III. This year has been filled with remarkable achievements and memorable moments that truly define the spirit of our school community. From academic triumphs to artistic endeavors, from sporting victories to community service initiatives, each accomplishment reflects the hard work and commitment of our students, teachers, and staff. I am very fortunate to work with such dedicated, innovative and caring staff members, parents and students. It always gives me a great pleasure to see the sea of smiling faces of children and I must admit that on many days it is the students who make my day a little brighter. We recognize that as we 'work together and learn together' students will be best able to achieve their potential.

Our curriculum and practices are consistently reviewed to ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. Our staff consistently follows current trends and after brainstorming over the best plan of action to incorporate those trends, we zero in on the ones that are most appropriate to our classrooms. The system of education has become so dynamic that it is no longer enough to connect the dots, we need to think out of the box and think beyond a pattern.

# BACK TO School

**Welcome Back to School Brighton World School!**  
**We're thrilled to see you all again! As we embark on this new academic year, we're excited to share with you the many exciting opportunities and experiences that await us. Before we dive into the school year, let's take a moment to reflect on the importance of community, collaboration, and resilience. As we come together as a school family, we're reminded that each one of us brings our unique strengths and perspectives to the table.**

BWS Environment Day

[www.brightonworldschool.in](http://www.brightonworldschool.in)

+91 84335 92982

World Environment Day is celebrated on June 5th every year, and it's a global event that raises awareness about the importance of protecting our planet and its natural resources. The day was established by the United Nations in 1972 to promote international cooperation and action to protect the environment.

# PTA MEETING

Hello parents and teachers, thank you all for coming to our PTA meeting . We have a lot of important topics to discuss, including upcoming events, fundraising ideas, and ways we can support our school and students. Let's work together to make our school community even stronger. If anyone has any questions or suggestions, please feel free to share them. Let's have a productive meeting!

# Best Out of Waste Activity

One of the best out of waste activities celebrated at school was a competition where students had to create something useful or decorative using only waste materials. Students were encouraged to think creatively and innovatively to repurpose materials that would otherwise be thrown away.

# Father's Day & Red Day Celebration

In the pre-primary section, Father's Day celebration can be a fun and engaging way to involve young children in honoring their fathers or father figures. Activities can include making handmade cards, creating simple crafts or artwork, singing songs, or organizing a small event where children can express their love and appreciation for their dads.

It's important to keep the activities age-appropriate and focus on the joy of spending time together and showing gratitude. Encouraging children to share stories or draw pictures about their fathers can also be a meaningful way to celebrate Father's Day in the pre-primary section.

# Students Birthday Celebration

HAPPY  
BIRTHDAY

The Management and the school has taken an initiative to celebrate Students and staff birthday to encourage them and to make them feel special and loved.

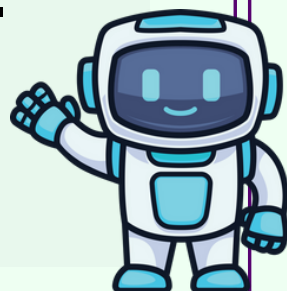

# Robotics Evolution

Robotics has evolved significantly over the years, starting from simple mechanical devices to advanced robots with artificial intelligence capabilities. In a simple way, robotics evolution can be described as the progression of technology and innovation in creating machines that can perform tasks autonomously or with human guidance. This evolution has led to robots being used in various industries such as manufacturing, healthcare, and even in our homes for tasks like cleaning. The future of robotics continues to expand with the development of more sophisticated robots that can adapt to different environments and interact with humans in more natural ways.

(Students of grade III)

# Peer Pressure

## PEER PRESSURE

Peer pressure is the influence exerted by a peer group, encouraging individuals to change their attitudes, values, or behaviors to conform to group norms.

### OVERVIEW

Peer pressure occurs due to a desire to fit in with a peer group. It can be both positive, promoting healthy habits or behaviors, and negative, leading to risky or harmful activities. While typically associated with adolescents, peer pressure can affect individuals of any age group as it fundamentally involves the human desire to be accepted and belong within a social context.

### EXAMPLE

- **Academic performance:** Friends can motivate each other to study harder and achieve better grades.
- **Fashion trends:** Young people can feel pressure to conform to current styles or trends popular within their friend group.
- **Environmental consciousness:** Peers can influence each other to adopt eco-friendly habits like recycling.

# Guidelines to Parents & Guardians

- 1. Set clear rules and boundaries:** Establish guidelines for screen time, online activities, and device usage to promote a healthy balance between technology and other activities.
- 2. Monitor online activities:** Keep an eye on the websites, apps, and games that your child is accessing to ensure they are age-appropriate and safe.
- 3. Educate about online safety:** Teach your child about the importance of privacy, cybersecurity, and responsible online behavior to help them navigate the digital world safely.
- 4. Encourage open communication:** Create a safe space for your child to talk to you about their online experiences, concerns, and questions.
- 5. Lead by example:** Demonstrate responsible technology use yourself to set a positive example for your child.

**These guidelines can help parents and guardians promote a healthy and safe relationship with technology for their children.**
